

MYSTICAL SEEKERS TRAINING PROGRAM AN OFFERING BY PARTH BHAIYA

INTRODUCTION:-

Just a reminder for you guys, I after working over a year on it have released the most awaited training programs to upgrade one's own mind in such a way that you will have the possibility to become a Master of all Trades.

This upgradation training will allow you to function in a completely different way. Anything you touch will become gold. You will see, suddenly you are out of competition with anyone. Suddenly, Others don't even seem to be a competitor.

For years, I myself am enjoying the fruits of these methods tremendously but was never able to reveal all of it to someone else.

For the first time, this is going to happen. I spent over a year to design this. It is one of my best projects that I am going to offer to the world.

This is ideal for any kind of student. School student, College student, any student.

But the key here is dedication. This program includes knock-offs. Only a small percentage of people will be with me till the end. Others will be knocked out down in the way. So, dedication is the only thing that can keep you moving here.

- After going through the processes, it will feel like you are one-step lifted than others.
- Your way of handling your thoughts and emotions will transform.
- Your perception will be enhanced.
- Your understanding and analysis power will enhance.
- You will become an expert in decision making.
- Your competence to act will increase dramatically.
- Your personality, presence, and the way you are will make you one step ahead of anyone.
- Your influencing power will grow. So, you'll be able to make significant changes around you.
- And any number of skills you want, you'll be able to master them.

All this is coming from a very deep understanding of many aspects of mind and several thousands of hours of dedicated work.

To join, you just have to email us at
mysticalseekers@gmail.com

with your name, age, college, and the very purpose of being a part of these training programs.

Only if the purpose looks relevant, the programs will be offered. If you are too engrossed in

yourself and have an egoistic inclination, you will not be eligible for it.

So, the reason for you deserving all this must be very relevant to you, others, and to the times in which we exist.

I will make sure, each and every responsible candidate upgrades to the fullest.

I will make sure, no responsible candidate stays to be a candidate.

Hundreds will participate, maybe a handful will carry on. Let's see in which category do you belong to.

A session of Mystical Seekers will be held soon.

This is not like other talks. It's a different thing altogether.

Only a few people are eligible.

At first eligibility criteria will be simple.

- You just need to be committed, more committed than anything else.

I will also tell some information about the training program.

MS01:-

1.)

TASK

You have to set a fixed time of about 1.5-2 hours and start writing.

Writing what you are and what you want to become.

You just have to think and write.

1. What you are
2. What you want to become
3. What you want to do

While writing about these 3 things you must keep in mind these 2 things.

1. There is no financial, societal, peer parental constraint, or any kind of constraint.
2. There is nothing as possible or impossible.

The important thing is you don't think and analyze. You just write your wish. What is your longing?

Write just that. No influence. Not even mine.

You'll type the results of your writing to the mysticalseekers@gmail.com email

Only after that, you must see the following video.

I will not be there as you'll be writing this. It's important.
Consider nobody is there to clarify the task, not even me.

You just read and reread the task if you don't get it and whatever your interpretation is, you write according to that.

EXPLORATION PRACTICE LINK:-

https://drive.google.com/file/d/1Umonksi_3dwM5EN3Py3sWWe4Ligv8toA/view?usp=drives

EXPLORATION PRACTICE

Do it ANYTIME, ANY number of times with ANY frequency.
Just keep the frequency more than ONCE a week.

4.)

Points to be conscious of.

Which can be used to maintain AWARENESS.

1. Space is the creation of my senses.
2. Time is the creation of my mind.
3. My ability to respond is limitless.
4. Do I exist?
5. I am not the body, I am not even the mind.
6. Mind cannot know. Only I can know.
7. Whatever there is... is REALITY

Whatever I create... is an ILLUSION

These points are POSSIBILITIES to transcend. If you maintain awareness of any ONE for a few minutes, you'll be upgraded from one level of existence to another.

Your ways of functioning can become upgraded. You'll feel like you become 32 GB from 1 GB RAM. From 144p to 8k.
Everything you do will become frictionless.
May it happen to you 🙏🙏

5.)

How many of you after doing what we did in Session 2, it is happening that when you sit with eyes closed, you feel relaxed and you don't feel like sleeping?

So, for those...

There are 2 tasks

1. You need to eventually sustain this awareness while your eyes are open.
2. You need to take this awareness to your sleep. Body should sleep, Mind should sleep, You must not.

After a period of time, maybe 2 days, a month, 3 years, we don't know. But after a period of time if you become successful in being fully aware in your deep sleep, there will be no such thing called 'Death' for you.

Literally.

Mark my words. On your brain.

For TASK 2, it is best that you do it just before sleep. When you are very tired.

By doing this process, your physical body will sleep, your mind may still be active. And this is the culprit of not letting you sleep.

By doing the process, 90% of your mind(thoughts) will go. So, it will be in an illusion that it's the time to sleep.

You use this state of mind to put body and mind into the sleep while you being aware all the time.

If you just maintain that transition period, you will be ON, all the way during the whole sleep.

If you use that Exploration Practice, this way, tactfully. You can beat unconsciousness, you can beat sleep, you can beat death.

Your body and mind cannot beat any of it. ONLY YOU CAN!
